

Evans & Peck

Evans & Peck is an international infrastructure-based advisory company that has supported governments and private organisations in the conception, development and delivery of major projects and programs throughout Australia, Asia and the Middle East. The value of these projects over the last 5 years is in excess of AU\$150 billion.

Since its establishment in 1985 the company has grown to over 350 employees based in offices across Australia, Hong Kong and China. As part of the WorleyParsons Group, Evans & Peck can also draw upon extensive technical, construction management and specialist resources able to provide assistance and advice on infrastructure as diverse as nuclear power to ports and from geo-sequestration to transport.

Our Experience with Alliances

Evans & Peck has been involved in Alliance Contracting since its initial development in Australia, including an active role on some of the earliest Alliance Projects. Our expert consultants are recognised in several industries as pioneers in the evolving landscape of relationship contracting, and specifically in the area of Alliance Contracting.

Our people have a diverse range of backgrounds, as clients, contractors, and consultants, allowing us to provide a 360 degree view of most forms of contracting. This perspective enables us to increase the likelihood of improved performance in the development and delivery of the selected form of delivery.

Evans & Peck is proud of our success in establishing Alliances. We have extensive experience, having established numerous Alliance projects over the past few years with a total project value in excess of \$5 billion. On these projects we have delivered the full range of Alliance establishment services including Alliance facilitation, development of commercial frameworks and Alliance Agreements, behavioural assessments and Alliance Team Development.

Independent expert services that we are able to offer in relation to alliances includes:

- advice on delivery methods
- alliance procurement / establishment
- tender / proposal evaluation
- culture alignment
- high performance team development
- leadership assessment, development and coaching
- on-going Alliance monitoring and facilitation
- contractual advice and development

“Our extensive alliance experience affords us a unique perspective and allows us to bring fresh insights to the delivery process”

In addition, Evans & Peck provides further services to improve alliance performance and outcomes including safety culture development and alliance production improvement and benchmarking.
